

# Internal Appeals Policy

(relating to disputes when a centre does not support a RoRs or Appeal)

<b>Policy is annually reviewed to ensure it is in accordance with current JCQ requirements</b>	
Last Review	Oct 23
Next Review Due	Oct 24

This Policy confirms Welland Park Academy's compliance with JCQ's General Regulations for Approved Centres (section 5.13) that the centre will:

*have available for inspection purposes* and draw to the attention of candidates and their parents/carers, a **written** internal appeals procedure to manage disputes when a candidate disagrees with a centre decision not to support an application for a clerical re-check, a review of marking, a review of moderation or an appeal.

Following the issue of results, awarding bodies make post-results services available. Full details of these services, internal deadlines for requesting a service and fees charged are provided by the exams officer.

Candidates are also made aware of the services available and the arrangements for requesting post-results services, prior to sitting any exams, before results are released and immediately after the publication of results with their results slips. Candidates are also made aware of the accessibility of senior members of centre staff on results day and up until the post-results service deadlines.

If the centre or a candidate (or his/her parent/carer) has a concern and believes a result may not be accurate, a review of the result may be requested.

The JCQ post-results services currently available are detailed below.

#### **Reviews of Results (RoRs):**

- Service 1 (Clerical re-check)  
This is the only service that can be requested for objective tests (multiple choice tests)
- Service 2 (Review of marking)  
This service is available for externally assessed components.
- Service 3 (Review of moderation)  
This service is not available to an individual candidate

#### **Access to Scripts (ATS):**

- Copies of scripts to support reviews of marking
- Copies of scripts to support teaching and learning

Where a concern is expressed that a particular result may not be accurate, the centre will look at the marks awarded for each component part of the qualification alongside any mark schemes, relevant result reports, grade boundary information etc. when made available by the awarding body to determine if the centre supports any concerns.

For written components that contributed to the final result, the centre will:

- Consider accessing the script by:
  - (where the service is made available by the awarding body) requesting a priority copy of the candidate's script to support a review of marking by the awarding body deadline or
  - (where the option is made available by the awarding body) viewing the candidate's marked script online to consider if requesting a review of marking is appropriate
- Collect informed written consent/permission from the candidate to access his/her script

- On access to the script, consider if it is felt that the agreed mark scheme has been applied correctly in the original marking and if the centre considers there are any errors in the marking
- Support a request for the appropriate RoR service (clerical re-check or review of marking) if any error is identified
- Collect informed written consent from the candidate to request the RoR service before the request is submitted
- Where relevant, advise an affected candidate to inform any third party (such as a college) that a review of marking has been submitted to an awarding body]

Written candidate consent (informed consent via candidate email is acceptable) is required in all cases **before** a request for any post-results service is submitted to the awarding. Consent is required to confirm the candidate understands that the final subject grade and/or mark awarded following a clerical re-check or a review of marking, and any subsequent appeal, may be lower than, higher than, or the same as the result which was originally awarded. Candidate consent can only be collected after the publication of results.

For any moderated components that contributed to the final result, the centre will:

- Confirm that a review of moderation cannot be undertaken on the work of an individual candidate or the work of candidates not in the original sample submitted for moderation
- Consult the moderator's report/feedback to identify any issues raised
- Determine if the centre's internally assessed marks have been accepted without change by the awarding body – if this is the case, a RoR service 3 (Review of moderation) will not be available
- Determine if there are any grounds to submit a request for a review of moderation for the work of all candidates in the original sample]

Where a candidate disagrees with a centre decision not to support a clerical re-check, a review of marking or a review of moderation, the centre will:

- For a review of marking (RoR service 1 or 2), first advise the candidate to access a copy of his/her script to support a review of marking by providing written permission for the centre to access the script (and any required fee for this service) for the centre to submit this request
- After accessing the script to consider the marking, inform the candidate that if a request for a review of marking (RoR service 1 or 2) is required, this must be submitted by the deadline set by the centre by providing informed written consent (and the required fee for this service) for the centre to submit this request
- Inform the candidate that a review of moderation (RoR service 3) cannot be requested for the work of an individual candidate or the work of a candidate not in the original sample where the centre's internally assessed marks have been accepted without change by the awarding body

If the candidate (or his/her parent/carer) believes there are grounds to appeal against the centre's decision not to support a review, an internal appeal can be submitted to the centre in writing by completing the internal appeals form at least two weeks prior to the internal deadline for submitting a request for a review.

The appellant will be informed in writing of the outcome of his/her appeal, before the internal deadline for submitting a RoR.

Following the RoR outcome, an external appeals process is available if the head of centre remains dissatisfied with the outcome and believes there are grounds for appeal. The JCQ publications Post-Results Services and JCQ Appeals Booklet (A guide to the awarding bodies' appeals processes) will be consulted to determine the acceptable grounds for a preliminary appeal.

Where the head of centre is satisfied after receiving the RoR outcome, but the candidate (or his/her parent/carer) believes there are grounds for a preliminary appeal to the awarding body, a further internal appeal may be made to the head of centre. Following this, the head of centre's decision as to whether to proceed with a preliminary appeal will be based upon the acceptable grounds as detailed in the JCQ Appeals Booklet. Candidates or parents/carers are not permitted to make direct representations to an awarding body.

The internal appeals form should be completed and submitted to the centre within 10 days of the notification of the outcome of the RoR. Subject to the head of centre's decision, this will allow the centre to process the preliminary appeal and submit to the awarding body within the required 30 calendar days of the awarding body issuing the outcome of the review of results process. Awarding body fees which may be charged for the preliminary appeal must be paid to the centre by the appellant before the preliminary appeal is submitted to the awarding body (fees are available from the exams officer). If the appeal is upheld by the awarding body, this fee will be refunded by the awarding body and repaid to the appellant by the centre.
